Exeter, N. H., May 25, 1877.

We the undersigned Auditors for the County of Rockingham for the year ending May 12, 1877, have examined the accounts of the County Commissioners and have found them correctly cast and properly vouched and further certify that the specified articles in said vouchers were purchased at the market value, and have been used for the benefit of the County exclusively.

WILLIAM S. PILLSBURY, County JOHN M. WEARE, Auditors.

County House of Correction, May 1st. 1877.

To the Board of County Commissioners:

Gentlemen: The number of commitments to the House of Correction at Brentwood for the last year was two hundred and fifty nine (259) males 240, females 19, for the following causes:

Common drunkard 10, drunk 91, drunk and intoxicated 5, stealing 7, desertion 9, disorderly conduct 2, assault 9, threatening 1, obscene and abusive language 2, public vagrant beggar and tramp 19, vagabond and tramp 4, vagrant 1, public beggar and tramp 5, begging 3, brawl and tumult 13, public vagrant 1 tramp 2, vagabond beggar and tramp 25, malicously destroying property 1, unlawful exposure of goods for sale, 3, insulting and impeding 1, breaking glass 1, vagrant and tramp 60, breaking and entering 3.

187 paid fines and costs in money or labor, 65 deserted, of whom 13 were recommitted, 185 served time, one died, 2 discharged by order of court.

Amount of fines and costs received in cash and paid treasurer \$279 30 besides a large amount worked out by valuable labor, both in doors and out.

As a number of prisoners are committed on two or more charges, and several deserters of the previous year are necessarily counted again, the total number of committals show in excess of the number of prisoners received.

Respectfully submitted,

FRANK D. POLLARD.

#### PHYSICIAN'S REPORT.

### To the Commissioners of Rockingham County:

Gentlemen:—In comformity to the usual custom, I respectfully present the following report of the medical department and sanitary condition of the County Almshouse and House of Correction for the past year. The number of patients presenting themselves for treatment has been less than the year previous. The mortality has been smaller, it being a little over ten per cent. on the average residence, while the year previous it was a little over fourteen per cent. No case of death has occurred from any accidental cause or from any form of disease that could

be attributed to the sanitary condition of the buildings or their surroundings. None but the usual forms of disease, or such as are peculiar to the aged and infirm.

The attacks of sickness common to the summer months were in the mildest form, and easily controlled by appropriate treatment. Without doubt this exemption from disease was the result of improved ventilation and a rigid enforcement of cleanliness throughout every department of the institution. In a family so numerous, many of them with constitutions enfeebled by hereditary taint or made vulnerable by a constant violation of the laws of nature for a series of years, some largely under the sway of weak or disordered intellects, it is a cause of congratulation that the year has passed with so little illness and so small a number of deaths.

The whole number of insane in the institution May 1, is forty-eight; males eighteen, females thirty. Your attention has heretofore been specially called to this unfortunate class of inmates, to the inadequate capacity of the building designed and used for the purpose of an Asylum, to the numerous defects in its construction and means of ventilation, all of which are about to be remedied by the completion of a new building, substantially built, well constructed, properly ventilated, and affording ample means for the safety, comfort, well-being and, to a certain extent, suitable treatment, moral as well as medical, of those committed to our care.

The disease termed insanity depends upon a variety of causes, and in many instances is a mystery yet unravelled. The curative treatment of which requires a large expenditure of money in the erection of suitable buildings, with proper appliances, numerous attendants, and physicians devoted to that speciality. The design of this department of our County institution is to care for the insane poor who have been pronounced incurable by competent authority, and for this purpose our new building, when done and properly furnished will be admirably adapted.

There have been three births and twenty-five deaths in the institutions during the past year.

Robert Hughes died May 11, 1876, aged 88 years. Disease, Epithelial Cancer. Admitted Oct 11, 1870, from Portsmouth. Joseph Hayens died May 19, 1876, aged 35. Disease Typhoid Fever. Admitted Feb. 28, 1876, from Candia.

Andrew McCauley, died Feb. 7, 1877, aged 42. Disease, Consumption. Admitted Oct. 2, 1876, from Exeter.

Rebecca Fernald, died April 8, 1877, aged 72. Disease, Paralysis. Admitted Sept. 21, 1875, from Portsmouth.

Joseph Langley, died April 18, 1877, aged 67. Disease, Apoplexy. Admitted Oct. 14, 1869, from Nottingham,

Orsino Roberts died April 25, 1877, aged 37. Disease, Spinal Meningitis. Admitted Jan. 10, 1877, from Atkinson.

Two died in less than one month after admission. Three in less than three months. Three were over eighty years of age. Seven over seventy. Four over sixty and five over fifty. Two were insane.

In closing this brief report I take pleasure in acknowledging the efficient services of the superintendent and his wife, to whose persevering efforts the past success of this institution is largely due.

It is but just also that I make known my appreciation of the effective labors of those associated with them in the conscientious discharge of every duty pertaining to their several stations.

### CHAPLAIN'S REPORT.

To the Commissioners of Rockingham County.

Gentlemen:—Called upon to present the annual report of religious services, held at the County Farm, I respectfully present the following:

Having succeeded the former chaplain, Rev. J. H. Lerned, in December, 1876, I found the way well prepared for the presentation of Gospel truth. The vital truths of Christianity have been presented carefully and simply. The attention of all has been marked, whence it is hoped that all have been benefitted by the services. Except on April 8, 1877, there has been a regular service held at 1.15 P. M., in the chapel of the institution. These services have been attended by persons, not inmates,

mostly of the choir and congregation of the Baptist church, who have cheerfully contributed to the interest of the services. eral services, attended by all for whom attendance was possible, have consisted of Scripture selections, remarks and prayer. Private religious counsel has been given to the inmates, and prayer offered in their rooms, when it has been possible for me to visit them for such service. So kind, and yet so excellent is the discipline of the institution, that perfect order and respectful attention has been observed at all our services. Especial credit is due the efficient superintendent, matron and assistants for the readiness, courtesy, and zeal with which they have aided in the labors put forth for meeting the spiritual desires of those committed to their care. Books, pamphlets and papers, sent for the benefit of the inmates of the institutions, will be thankfully received. ERNEST L. SCOTT, Chaplain.

Brentwood, N. H., May, 1877.

### SHERIFF'S REPORT.

To the Board of County Commissioners:

Gentlemen:—In accordance with your request I append a report of number of prisoners committed discharged &c., from the jails in this county, during the time from August 16th 1876 to May 15th 1877.

When I took charge of the jail at Portsmouth at the above preceding date, I found there confined 9 prisoners for the several offences as follows:

Assault 2, Aggravated assault 1, Disorderly House 1, Illegal voting (U S) 1, Larceny 2, Murder 1, Bigamy (U S) 1.

There have been admitted since that time to the last mentioned date 49 prisoners, charged with the following offences:

Assault 2, Aggravated assault 1, Assault on police officer and drunk 3, Arson 2, Attempt to kill 1, Brawl and tumult and drunk 4, Execution for costs 1, Drunk 3, Disorderly House 2, Debt 1, Fornication 1, Fraud in Bankruptcy (US) 1, Larceny 10, Murder 1, Obstructing railroad 1, Perjury (US) 1, Selling liquors 1, Violation Rev. Law (US) 1, Vagrants 12.

At present in jail 10. Of the number found in and committed to the Portsmouth jail since my administration, 4 have been sent to State Prison for terms varying from two to thirty years; 1 to the Insane Asvlum at Concord; 1 to the Excter

jail, and the rest have either served out their sentences, paid their fines, or have been duly discharged by approval of Solicitor Small and order of the court, or are now in jail.

While it may readily be supposed that men of the character of those committed to jail, suddenly cut off from exercise, and perhaps bad habits and possessed of little discretion in the government of their appetites, should frequently have some physical derangement requiring medical advice and aid, I am happy to say we have not been visited with malignant or epidemic sickness. The most protracted case of illness was that of David L. Magoon, who suffered from organic disease of the kidneys, occasioning emaciation and debility, requiring judicious medical care and attentive nursing to keep him up during his confinement. Some are admitted with troubles incident to their characters and corrupt lives; others have attacks of fevers, coughs, and diseases incident to the season. In most cases the physician called has given advice and directions, and has not been obliged to repeat his visits but rarely. The case of insanity was not of recent origin.

The jail has been made more healthful, convenient and comfortable by the changes and improvements made, which will much more than repay the outlay.

The same, with additional emphasis can be said of the house or residence contiguous to the jail. This building is one of the antiquities of Portsmouth, having been erected in 1782, Major Gains then being a Commissioner for Rockingham County. Its partial modernization and repair during the last year has prevented its total demolition, and although at a considerable outlay has been more than a comparative financial benefit to the County. Other much needed improvements have been made about the grounds and premises, all under the superintendence of the Commissioners, from whom I am pleased to acknowledge attentions and courtesies, as well as from Hon. William B. Small, the Solicitor for the County, commensurate with the needs and demands of the office.

Hon. James W. Odlin, (ex-Sheriff) makes the following report to me which I am pleased to embody as a part of my own,

EXETER, May 15th, 1877.

"Hon. J. Horace Kent.

Agreeable to request I make the following report with regard to the jail under my keeping.

Whole number of prisoners Aug. 19, 1876, the time of taking the jail 7. The number admitted since 26. The highest number at any one time 13. Lowest number 2. Have at this date 4. Have averaged 6. The offences for which they were committed were for obstructing railroad 1, Incendiary 2, Theft 7, Debt 4, Drunk 5, Tramp 4, U. S. Prisoners 6. Assault 2, Assault and theft 1, Selling liquor 1. In this time we have had but one case of sickness of consequence which was rheumatic fever, ane lasted about five weeks, but a physician has been called several times to minor cases.

The condition of the jail has been much improved. The Commissioners have made expenditures which will prove of much advantage, especially in the sewerage.

There are other things which need attending to, in order to economize in heating, and others which when completed will not only make the institution more tenantable but more healthy.

Respectfully yours,

JAMES W. ODLIN, Deputy Sheriff and Jailor. All of which is respectfully submitted

J. HORACE KENT,

Sheriff of the County of Rockingham.

The foregoing reports with that of the Treasurer annexed, show the financial transactions of the County for the past year; the debt has been increased as will be observed by the Treasurer's report about \$10,000 00, chiefly caused by the large sums expended for the support of paupers on and off the County Farm heavy Court expenses, and for necessary and permanent repairs made on the Jail House at Portsmouth.

The summary of Farm Account shows the weekly cost of supporting paupers, to have been \$2.49 against \$2.36 the previous year; this result is arrived at by a fair statement, we think,

of the expenses and credits of the Farm. The total expenses were greater, and the average number supported larger than the year previous. The enormous quantity of fuel necessarily consumed, with the present defective arrangement of steam-piping in the main building, adds largely to the expenses of the Farm. To remedy this would involve a large expenditure of money, and we do not consider it advisable to recommend an appropriation for that purpose at this time. An additional appropriation will be required to complete and furnish the New Asylum for Insane, which we intend to have ready for occupancy during the summer, and which, when completed, will add much to the comfort of this unfortunate class of paupers, and to the convenience of those who have them in charge.

A school has been kept at the Farm for several months during the year with good success, and we think the children composing it will compare favorably, both in proficiency and deportment, with those of our average common schools; and in our opinion a portion of the public money cannot be better expended than in educating these unfortunate children for lives of usefulness and self-support.

We would say that all connected with the Farm, in the service of the County, have performed their several duties faithfully. Special credit is due to Mrs. Pollard, upon whom devolved additional duties and responsibility during the severe and protracted illness of Mr. Pollard, the Superintendent, who, we are happy to report, is again attending to the active duties of his position.

The Commissioners deemed it expedient for the interests of the County, as well as for the comfort and convenience of the jailor and family, to expend a considerable sum for permanent repairs on the Jail House at Portsmouth, which had been for a long time in an unsuitable condition.

The House and Jail proper are now in excellent repair, and it would seem that the question of building a new Jail, which has been agitated from time to time, might be postponed indefinitely. The report of Col. Kent, the efficient Sheriff of the County, will tend to confirm the propriety of having made the expenditures above mentioned.

Some necessary repairs have been made at Exeter Jail, and

a new building for a woodhouse and other purposes, has been built at the County Building in Exeter, in place of the dilapidated old shed formerly in use. It is advisable in our opinion, that work on the New Index of Deeds be continued, and we recommend an appropriation for that purpose.

We append, herewith, an extract from the report of the Committee on the County Commissioners' Report made to the Convention in June last: "The work of making the New Index in the Registry of Deeds has progressed favorably, but examination developed the fact that the undertaking is both greater and more necessary than was anticipated. New and perfect indices have been made of all the deeds, and the names of all parties to deeds, from the earliest records down to about the year 1812, and it is already in a state to be useful. The work which remains to be done is still more important than that which has been accomplised." In accordance with the request of the Convention we would report that there are bills outstanding, aside from Court Expenses and State and Jury Pay Rolls, to the amount of about \$1,500.00, which we were unable to include in this report.

After having conferred with the Treasurer, we would recommend to the County Convention that the following appropriations be made to defray the expenses for the year 1878:

Supreme Court,	\$2,000	00
State Pay Rolls,	6,000	00

Respectfully submitted, FRANK P. CRAM, SEWALL D. TILTON,	Commissioners of Rockingham Count

To the County Commissioners for the County of Rockingham:

May 12, 1877.

Gentlemen:—My second report as County Treasurer shows an increase of the debt amounting to \$10,037.84. A glance at the table of Appropriations and Expenditures will show several ways by which this increase can be accounted for.

The cash received shows that there was paid into the Treasury a balance for the October term of the Supreme Court the sum of \$2,555.56 received from fines and costs on indictments for violating the liquor law.

I am informed by Charles G. Conner, Esq., Clerk of the Supreme Court, that the sum to be paid from similar cases at the April term will be quite large.

Had the April term closed in season to allow of the payment of Court expenses before auditing, the increase in the debt would robably have been nearly \$2,000 more.

To avoid a further increase in the debt, unless some effectual means are used to reduce the expenses of the Courts, and cost of supporting the County Poor, it will be necessary, in the future to ask for larger appropriations than have been made for several years past.

The last session of the Legislature authorized the issuing of \$50,000 more bonds of the County. Of this sum \$36,000 have been issued, and sold at a premium of two, three and four percent. according, the time they were to run.

Respectfully submitted; GEO. E. LANE, County Treasurer,

Increase of debt the past year 10,037 84 GEO. E. LANE, Treasurer.

We, the undersigned, auditors of the County accounts, have examined the accounts of Geo. E. Lane, Treasurer for the year ending May 12, 1877, and we find the same correctly cast and properly vouched, and we also find that all the bills, notes, bonds and coupons, specified therein, are in sums according to the market value of the articles charged therein, and have been used for the benefit of the County.

WM S PILLSBURY, County JOHN M WEARE, Auditors. Exeter, N. H., May 25, 1876.
